2 Get the bathroom, mudroom, etc. measurements ready. We'd like cabinet sizing and codes for these areas. Here's a good example of what your designer can work with:

3 Either take a smart phone photo or scan the measurements.

4 Now begin your online design submittal by clicking:
designs@masterkd.com.

5 Click which cabinet brand to design.

6 Complete the online submittal for all the rooms to design.

7 Upload the measurements and cabinet sketches and click **SUBMIT**

8 You'll receive a confirmation with both the design completion date and a design registration number.

9 In two days you'll receive a full design and quote package. The 2020 file is also included for those who'd like to continue designing on their own. Here's what's included in the design package: (color drawings, floor plan, wall views with measurements and quote)
